Presentation of Project Status Report and Strategic Guide Review

The Management Connection, Inc. facilitated the workshop. Joe Gonzalez, CEO, with Management Connection, introduced the workshop and explained the purpose was to clarify, update or affirm items included in the 2014 Strategic Guide, provide a status update on projects and to provide insight to planning in 2015-2016. The workshop began with discussion on the Strategic Guide Project Status Report prepared by City Administrator, Byron J. Hebert. Hebert updated Council on City Projects current status and future plans. Council responded with approval and suggestions on how to proceed. Gonzalez then led Council through the 2014 Strategic Guide item-by-item for confirmation and revision suggestions. Council affirmed the Strategic Guide with one addition: for City of Churches to be mentioned as part of the City's history and heritage. All concurred. Gonzalez then asked Council for feedback on the Administrator in both project status and since he took his position in April 2014. All affirmed they were pleased with the status of the City, were looking forward to the projects continuing to develop, and with the job Hebert has performed thus far.

Adjourn

The workshop adjourned at 12:13 p.m.
